

Central Bucks Senior Activity Center is researching our potential to provide further services to our community. One avenue under scrutiny is a potential Meals On Wheels program. In order to be considered for such a program, we need an estimate of potential people willing to volunteer to support our program.

There are already other programs in place, and we anticipate our involvement would allow for an expanded use of the Meals on Wheels program.

We anticipate that we would need two primary groups of volunteers, each working at our location at 700 North Shady Retreat Road, Doylestown:

- Pantry Aides, who we believe will be needed from about 8:30AM — 9:00 AM to 10:30AM—11:00am. These volunteers would assemble the meals into travel cartons suitable for delivery. Regardless of the start time, assembly time is estimated at 2 hours
- Driver, would arrive at the end of the assembly time, estimated as 10:30AM. They would pick up the meals and begin their delivery routes. Again, we estimate that no longer than 2 hours of the volunteers time would be needed.

If you are looking for a way to help those who need your help, and you have a charitable heart, please consider this as a volunteer opportunity. Programs of this nature cannot survive without the generous help of a true volunteer. Give us a call at the CBSAC at 215-348-0565, let us know of your interest, leave us a phone number, and as the interest grows, and the details become solidified, we will update you with the details.
